2.4 Planning and Publication

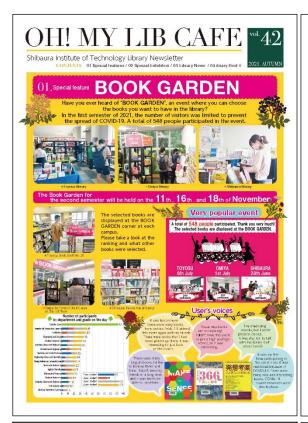

1) Library Newsletters

- The library issues OH! MY LIB CAFÉ both in Japanese and English three times a year.
- When we issue it, we send copies to other libraries and companies who have visited our library before.
- · In FY2021, a new web-based version of the reader survey form was opened.

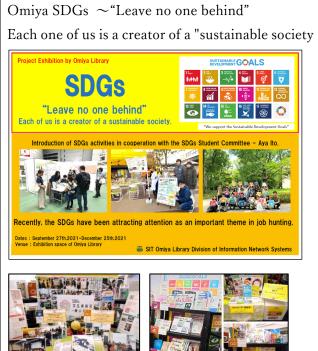

2) Exhibitions

• Exhibitions led to increase students' interest in the exhibition-related topics and contributed to a rise in the number of books lent.

3) Website

- The number of page views in FY2021: 334,500 views (increased by 101% year-on-year)
- Information on COVID-19, countermeasures, guidance videos and other important notices were posted on the library website as needed.

4) Library satisfaction survey

- We have held a survey every October since 2009. In order to prevent COVID-19 infection, face-to-face distribution outside the library was not carried out in 2021 as well as 2020, and online responses via Scomb and the HP were enhanced.
- For the first time, the survey was conducted separately for male and female students, providing a good opportunity to learn about trends among female students.
- We received 1,752 answers and comprehensive total score out of 5 was 4.19, 1.2 point up from the previous year.
