Total	1,116	332	120	22	737	210	89	39

Number of cases for copying materials and requesting other universities' materials by faculty

3) Announcements of publisher-sponsored webinars, etc.

- As part of efforts to support the effective use of academic information, the library regularly shares information on its website about online training sessions (webinars) hosted by publishers and electronic resource providers.
- These webinars mainly focus on how to effectively use electronic journals, databases, and reference management tools subscribed to by the university, with the aim of enhancing users' information literacy.
